We are happy to announce the launch of the new range of products from Aidance Skincare. These new products are based on the technology of their vastly successful flagship product Tetrasil. Tetrasil was launched in the UK 2 years ago and in the time since, has helped thousands of customers.

Tetrasil - All Natural Silver and Oxygen Cream

Tetrasil® is the product that launched Aidance Skincare and that people worldwide use for a wide range of common skin problems on the head, face, neck, arms, chest, back, and legs. The all-natural ingredients in Tetrasil include natural jojoba oil, beeswax, the tetraSILVER® silver oxide, and an essential oil from the palmarosa plant.
